

Hi, Shalom Partners! I'm so excited to be able to bring these video emails to you and be able to communicate. Things move so fast at the House of David right now, this is the only way I know to do it!

We have a new newsletter that just came out. I don't know if you've signed up for it, but you should sign up for it on our web page. It's called Notzrim. In the Hebrew it means "treasure keeper" or "watchmen on the wall". This is a powerful newsletter. It has an article from me, Pastor Tim, and others, but it will keep you posted. It's very well done, as you can see. Here's the article from Pastor Tim, and also it has the report from the Tent of Meeting and our Passover service, also what's happening with Children's Ministries, and also the humanitarian aid and the different things that are happening in Israel right now.

Also, we have another article that has come out from Elijah Rain Magazine. We are being carried now on The Elijah List. We thank Steve Schultz and the staff there. We have an article that's coming out in the Spring issue, it's called "New Year, New Man". This is an article the Lord had me write. It's a powerful article. They've also given us some great press here! I would say this...this press is going to bring something...we hope that it's good! But Partners, God is putting House of David on the map.

We're also getting ready for our One New Man Conference with Sid Roth. It's on August 20th. I would like to invite you, but it's sold out! If you're there, I hope that you're going to be there with prayer and support for us. This is going to be at Charlotte, North Carolina. I will be there at Rick Joyner's ministering there for three days. It should be a powerful time.

We just had Bishop Paul Nya from Togo, Africa. He, his wife Blessing, and his little daughter Stephanie were here in the House of David. Bishop Paul is truly an apostle from Africa, who has been called to not just to speak into America, but into the House of David. I want to encourage you to go on the webpage and order the video. It is a very animated, a very anointed message. And he was here last year, he brought a word of confirmation and release, and this word that he brought this time is powerful! He talked about the harvest, he talked about the year '7'. He was here in 2007, in the 7th month when he was here, bringing a release! He spoke a word at House of David on , Friday night, then he spoke a word again on Sunday morning at Cowboy Junction, and both of them fit together like a glove! One of them was The Parable of the Samaritan Woman; the other A Certain Nobleman had a Sick Son. And he said our seed would live! It's a wonderful blessing for each one of us who has children, especially if your children are not following the Lord. He said our seed would live! You're going to want to order this DVD! Don't order the CD...I mean, it's fine...but you need to order the DVD. You need to be a part of this service! There was an impartation and a release of 2007 with this word.. I believe that this was a word for the hour for the House of David. You're going to want to order it on our web page.

And the other thing that's happened this week is that we've had some real powerful breakthroughs in Israel. We're very excited with what's happening with the dental ministry. We have our own Amutah now, which means our own non-profit, and things are expanding there! The government is opening up with favor for us. We also have an exclusive interview that's going to be released next week, so you're going want to watch and get ready! We're going to release a word from a Minister in the Knesset about a new peace plan that is going to be released in Israel. We have the exclusive interview, it is going to be released next week. So, pay attention to the emails! Would you please forward this video email to a friend? We need more partners to help us to respond to the needs of Israel, and everywhere we go.

This week we're going to be on Channel 47 in Tulsa. It's a market of over 600,000 people with Lycean Network. It's \$587 a show. We've made a commitment. I've already paid for 9 shows by faith. We're also getting offers from TBN, Nejat which in Farsi means "salvation television." I get to go there tomorrow and film 2 more shows! They're asking us to put on weekly programs there with House of David. Right now we are being carried as a guest on Nejat, but they're wanting House of David to have its own program! All these things...it's just airtime...and it's just money. But we need seed to be able to sow this message! We are excited! The time to

favor Zion is NOW, and the time to favor the House of David is NOW! And the time to favor YOU is now!

Child of God, I want to pray for you now. I am excited! Please order Bishop Paul's message Friday and Sunday. These are powerful messages! These are life-changing messages! Also, please call The Elijah List and order the Elijah Rain Magazine. Get this article. This is historic for House of David. House of David is being put on the map. And to God be all the glory! Let every man's name be brought low and the name of Yeshua be lifted up on High. Also, remember to order the House of David newsletter, the Notzrim. Stay in touch, be informed with these life-changing messages that are in this newsletter. It's not just about things that are happening, but there's prophetic views inside the news from Pastor Tim Alsbaugh, here and what's coming up. This is a time to be informed, child of God. This is a time to receive a word from the Lord. It's the time of the One New Man, and let the new man arise in YOU!

Father, in the name of Yeshua, I ask for every partner...we bless them now, in the name of the Father, the Son and of the Holy Spirit. Let this week be powerful! Lord, we send Your word and heal them from all sickness and all destruction, according to Psalm 107:20. Father, I ask now that the anointing of increase - Lord, for each one who's sowing a financial gift, Lord I release a blessing of prosperity. Lord, multiply them with a hundred fold return! For where their treasure lies, so does their heart. And their heart lies in the Kingdom of God. So Father, we bless them, in the name of Yeshua. Until next week, we love you and we bless you...and Shabbat Shalom!
