**Re: Help for Needy Families – Rosh Hashana**

My dear friend and partner, Mr. Curt Landry,

Again I find myself thanking you, my true friend and partner, for yet again opening your heart and helping the needy families in Beit-She'an. Here in Beit-She'an we have come to rely and count on your steady assistance and to appreciate the solidarity you feel and practice with Israel as a whole and Beit-She'an in particular.

Thanks to your wonderful donors, the needy families in Beit-She'an will be able to celebrate Rosh-Hashana in a happy and respectful manner. Your donation this year, as last year, is especially important, since it enabled us to add it to another donation, maximizing the donation to each of the 200 families to a box of food supplies worth of 360 NIS. This is very substantial and worthy for each family.

I would like you to please thank personally each and every one of your wonderful donors for their brotherhood and generosity, and wish them to be rewarded by G-d for their deeds with a happy new year.

Yours sincerely and respectfully,  
With friendship,

Jacky Levi

**Re: "Kimcha Depischa" for Passover**

Dear Friends and Partners,

I would like to express my deepest appreciation and thanks to you, for helping 200 families from the city of Beit-She'an to be able to pass the holiday of Passover in a happy and respectful manner. Your donation enabled us to distribute packages containing food for the Seder night for the needy, including *matzos* and wine. The distribution is conducted with the aid of the socio-welfare department of the municipality, making sure it is received by the families who need it most.

We know that we can always count on your friendship and partnership, you're your brotherhood and for this we are grateful.

I would like you to please thank personally each and everyone of your wonderful community for their brotherhood and generosity, and wish them and their families all the blessings and the ability to be in the position to help and give others for many more years to come.

Yours sincerely,

Mr. Jacky Levi  
Mayor
